Very Difficult Bodies
**Drawing a hand holding an object.**

1. Draw the object.

2. Draw a fatter "U" for the thumb and four other "U"s for the fingers.

3. Draw a "C" for the rest of the thumb and the first of the fingers.

4. Draw "C"s for the remaining fingers at the top and working down.

5. Erase the extra lines inside the fingers and the thumb.

**VARIATION**

1. Draw "U"s for the thumb and fingers on diagonals.

2. Draw a "C" for the rest of the thumb and the first of the fingers.

3. Draw "C"s for the remaining fingers starting at the top and working down.

4. Erase the extra lines.

How to make a chain.

Step 1
Start the chain by drawing a repeated "S" shape where you want the chain.

Step 2
Draw repeated flat "C"s on both sides of the first shape drawn. Have these "C"s pointing inward with the point of these "C"s drawn so that they are in the loops of the repeated "S".

Step 3
Drawn straight lines from the points of the repeated "C"s to the repeated "S" shape.

Detail of step 3

Step 4 (Optional)
Draw repeated flat "C"s along the top and bottom of the chain. These "C"s carefully go over the indented part of the chain.

Detail of step 4
